

Jorge Leonel Martins

Life experiences

Started as an apprentice with Qantas, as an Avionics engineer, retired in 2021 after 42 years of service.

Union delegate in Portugal as well as in Australia always defending workers' rights, while recognizing obligations.

Elected board member while the Club was in Roseberry in the 90's.

Privileged to have been a part of the Board that purchased "Fraser Park", to be the home of the Sydney Portugal Community Club.

Privileged to have been a part of the team that fought so hard to see our Club returned to its members after the Administration period.

Served on numerous Club Boards as Secretary/Licensee

I am willing to make one last contribution if the members are willing to put their trust in me.

I believe

- In sustainability, honesty, transparency, and accountability in all Club's affairs
- Recognizing our loyal volunteers and respecting our members
- Maintaining and promoting Portuguese Traditions and Culture

Aspirations:

- Continue the transition from a hands-on structure to a hands-off one, with staff to handle day-to-day operations.
- To focus immediately on a phased plan to renovate the exiting Club House and start it within the life of the New Board.
- To continuously review/rethink/modernize all areas of the Club's businesses.
- To maintain and improve results, which will underpin our sustainability and profitability for the long-term future, while safeguarding the history of each area as an integral part of the Club.

I pledge that whoever gets elected will have my total support, to look after the best interests of the Club and its members.

Jorge Martins
